

## Two-piece trim Made of polymer

### Warranty

#### Quality warranty

**Novik Hand-Split Shake, Hand-Laid Brick, Hand-Cut Stone, RoughSawn, Perfect Shake, Cedar Plank & Half-Round** panels are made to respond to the industry's high standards and North America's very strict specifications.

Opting for continuous improvements in our products, we are able to provide a transferable Limited Lifetime Warranty.

This warranty supersedes all other warranties, liabilities and obligations; whether oral, written or implied.

#### Terms

**Novik Inc.** offers a warranty to the original homeowner for the replacement of any product when installed in accordance to the manufacturer's instructions and exposed to normal weather conditions. Novik Inc. also warrants that all sidings will be free from manufacturing defects. These defects include cracking, warping, peeling or excessive discoloration.

#### Registration and warranty transfer

This warranty will be valid only after the original homeowner completes the warranty registration form and returns it to Novik Inc. along with a copy of the proof of purchase & installation contract. (See below for original owner schedule).

#### Coverage of the Limited Lifetime Warranty

<b>Number of years after installation</b>	<b>Covered warranty on prorata basis</b>
0-7	100%
8	80%
9	70%
10	60%
11	50%
12	30%
13	20%
14 or more	10%

The warranty can only be transferred once by the original owner to an immediate subsequent purchaser (transferee). Upon this transfer, the siding will be covered under the Transferee Warranty coverage schedule and is calculated from the original date of siding installation. It is important that Novik Inc. be notified of the

property transfer and documentary proof of this transfer be submitted to **Novik Inc.** to ensure coverage. (See below for transferee schedule).

### **Transferee schedule**

<b>Number of years after installation</b>	<b>Coverage warranty on prorata basis</b>
0-5	100%
6	80%
7	60%
8	40%
9	20%
10 or more	10%

### **Limitations**

**Noviks'** warranty does not provide protection against any damage caused by events beyond normal weather conditions, including but not limited to:

- Misuse, negligence or improper installation;
- Pollution, mildew, exposure to chemical products or inappropriate cleaners;
- Alterations to siding like painting or varnish;
- Improper handling or storage;
- Defects in material or wall in which Novik Inc. siding was installed, caused by movement, cracking or setting of wall or foundation of building;
- Impact of foreign objects, hail, lightning, fire, hurricanes, tornados or any other catastrophic phenomena of nature;
- Vandalism and intentional damage.

Geographic situation, sunlight exposure, air quality and climatic factors may gradually weather the siding. If the siding is determined by **Novik Inc.** to have faded beyond normal expectations, **Novik Inc.** will replace defective material.

**Novik Inc.** reserves the right to discontinue or modify any of its products without prior notice. **Novik Inc.** shall not be liable for variations in color or gloss compared to product that has been installed and exposed to normal weather conditions.

### **Warranty Claims**

The buyer has to provide a written description of the damage and manufacturing defect together with original proof of purchase to the following address:

**Novik Inc.,**  
*Customer Service Department,*  
 160 des Grands-Lacs Street,  
 St-Augustin-de-Desmaures (Qc) Canada,  
 G3A 2K1

The consumer must provide date of installation and proof of property ownership. The claimant may be required to submit a sample of the defective materials for analysis. **Novik Inc.** will analyze the material claimed to be defective and determine the validity of the claim.

**For your protection**

**Novik Inc.** siding is a very low maintenance product but is made of polypropylene. Common sense should be used to keep siding from melting or burning. It is important that all sources of heat and flames and combustible materials like dry leaves, trash, etc., be kept away from Novik siding.

If the original homeowner or transferee is shown to have neglected to provide proper maintenance to the siding, this warranty will be null and void.
